

Gardiner Dairy Foundation COVID-19 response

Effective 18 March 2020

With the unfolding circumstances relating to the COVID-19 pandemic, the Gardiner Dairy Foundation is implementing a range of measures to ensure that we continue to actively support the Victorian dairy industry and communities, while at the same time protecting the health and well-being of our employees, stakeholders and the broader community.

The measures we are implementing are summarised below and draw on the most up-to-date advice from Government and Public Health Authorities. Naturally, things are changing rapidly and we will be agile in our decisions and actions over the coming weeks and months to service and support the industry and protect everyone's health and well-being.

Effective immediately, Gardiner Dairy Foundation;

- Will not undertake or organise any face-to-face meetings. Gardiner staff will be available to participate in meetings via video conference/teleconference.
- Will not attend in-person events nor organise or run any in-person events until further notice.
- Will close our Collins St office from 19 March 2020 until further notice. All staff will work remotely but remain accessible, as normal, via email and telephone.

The Board and staff of the Gardiner Dairy Foundation are committed to actively sustaining our engagement with you and support of our dairy industry and communities during these challenging times.

We appreciate your understanding as we seek to avoid any unnecessary risks to our employees and their families as well as you and others in our industry and community. We wish you well in your own endeavours in navigating a successful path forward.

Dr Clive Noble

Chief Executive
